

This program gives communities the opportunity to enjoy parks maintained without the use of pesticides and helps the City better understand how to care for its lands with less reliance on pesticides over the long term.

Webster Playground

A Different Look

These Parks may look less manicured and take on a more natural feel. The City will continue to ensure that these parks provide an inviting and safe atmosphere to be enjoyed by all.

Pesticide-Free Parks

City of Seattle

Six feature parks distributed geographically throughout the city have been designated as pesticide-free. The Pesticide-Free Parks program reflects the City's ongoing commitment to protecting and enhancing our community and environment through the continual pursuit of excellence in landscape management.

Feature Pesticide-Free Park Locations

TT Minor Playground
7th Avenue E. & E. Union

Webster Playground
3014 N.W. 67th Street

Meridian Playground
4629 Sunnyside Avenue N.

Fairmont Playfield
5400 Fauntleroy Way S.W.

Bradner Gardens Park
1722 Bradner Place S.

Beer Sheva Park
8650 55th Avenue S.

Minor Pesticide-Free Park Locations

In addition to the six feature Pesticide-Free Parks, eight additional parks will be maintained without the use of pesticides. As these parks may be smaller and some may not offer as many amenities, they are considered to be "minor" pesticide-free parks.

Baker Park on Crown Hill
Mary Anne NW/NW 83rd St

Belvoir Place
3659 42nd Avenue N.E.
